WHEREAS, Registry Operator has entered a Registry Agreement with the Government of Tokelau to operate a shared registration system, ccTLD nameservers, and other equipment for the .TK top-level domain;

WHEREAS, multiple registrars will provide Internet domain name registration services within the .TK top-level domain;

WHEREAS, Registrar wishes to act as a registrar for domain names within the .TK top-level domain.

NOW, THEREFORE, for and in consideration of the mutual promises, benefits and covenants contained herein and for other good and valuable consideration, the receipt, adequacy and sufficiency of which are hereby acknowledged, Registry Operator and Registrar, intending to be legally bound, hereby agree as follows:

1. DEFINITIONS

1. The "APIs" are the application program interfaces by which Registrar may interact, through a public encrypted TCP/IP connection, with the Registry System.
2. "Confidential Information" means all information and materials, including, without limitation, computer software, data, information, intellectual property, databases, protocols, reference implementation and documentation, financial information, statistics and functional and interface specifications, provided by the Disclosing Party to the Receiving Party under this Agreement and marked or otherwise identified as Confidential, provided that if a communication is oral, the Disclosing Party will notify the Receiving Party in writing, including by email, within 15 days of the disclosure that it is confidential.
3. "DNS" means the Internet domain name system.
4. The "Effective Date" shall be the date on which the Agreement is first executed by both parties.
5. "Personal Data" refers to data about any identified or identifiable natural person.
6. "Registered Name" refers to a domain name within the domain of the Registry ccTLD, whether consisting of two or more (e. g., john. smith. name) levels, about which Registry Operator or an affiliate engaged in providing Registry Services maintains data in a Registry Database, arranges for such maintenance, or derives revenue from such maintenance. A name in a Registry Database may be a Registered Name even though it does not appear in a ccTLD zone file (e. g., a registered but inactive name).
7. "Registered Name Holder" means the holder of a Registered Name.

8. The "Remote Registration API" comprises the items described in Exhibit A.
9. "Registry License Agreement" means the Registry License Agreement between Registry Operator and the Government of Tokelau dated January 31st, 2001 for the operation of the Registry ccTLD.
10. "Registry Database" means a database comprised of data about one or more DNS domain names within the domain of the Registry ccTLD that is used to generate either DNS resource records that are published authoritatively or responses to domain-name availability lookup requests or WHOIS queries, for some or all of those names.
11. "Registry ccTLD" means the .TK ccTLD.
12. "Registry Services" means services provided as an integral part of the operation of the Registry ccTLD, including all subdomains in which Registered Names are registered. In determining whether a service is integral to the operation of the Registry ccTLD, consideration will be given to the extent to which the Registry Operator has been materially advantaged in providing the service by its designation as such under this Agreement. The development of technology, expertise, systems, efficient operations, reputation (including identification as Registry Operator), financial strength, or relationships with registrars and third parties shall not be deemed an advantage arising from the designation. Registry Services include: receipt of data concerning registration of domain names and nameservers from registrars, provision to registrars of status information relating to the Registry ccTLD, dissemination of ccTLD zone files, operation of the Registry ccTLD zone servers, dissemination of contact and other information concerning domain-name and nameserver registrations in the Registry ccTLD.
13. The "Registry System" means the system operated by Registry Operator for Registered Names in the Registry ccTLD.

17. "ICANN" is the Internet Corporation for Assigned Names and Numbers, having its Corporate Headquarters in California, USA.

Other terms used in this Agreement as defined terms shall have the meanings ascribed to them in the context in which they are defined.

2. OBLIGATIONS OF REGISTRY OPERATOR

- 2.1. **Access to Registry System.** Throughout the Term of this Agreement, Registry Operator shall provide Registrar with access as a registrar to the Registry System that Registry Operator operates according to its arrangements with the Government of Tokelau. Nothing in this Agreement entitles Registrar to enforce any agreement between Registry Operator and the Government of Tokelau.
- 2.2. **Maintenance of Registrations Sponsored by Registrar.** Subject to the provisions of this Agreement, Government of Tokelau requirements, and Registry Operator requirements authorized by the Government of Tokelau, Registry Operator shall maintain the registrations of Registered Names sponsored by Registrar in the Registry System during the term for which Registrar has paid the fees required by Subsection 4.1.
- 2.3. **Remote Registration API; License.** No later than three business days after the Effective Date, Registry Operator shall provide to Registrar a copy of the Remote Registration API, which shall provide sufficient technical specifications to permit registrar interface with the Registry System and employ its features that are available to Registrars. Subject to the terms and conditions of this Agreement, Registry Operator hereby grants Registrar and Registrar accepts a non-exclusive, non-transferable, worldwide limited license to use for the term and purposes of this Agreement, all components owned by or licensed to Registry Operator in and to the APIs, any reference client software and any other intellectual property included in the Remote Registration API, as well as updates and redesigns thereof, to provide domain name registration services in the Registry ccTLD only and for no other purpose.
- 2.4. **Changes to System.** Registry Operator may from time to time make modifications to the Remote Registration API or other software or materials licensed hereunder that will modify, revise or augment the features of the Registry System. Registry Operator will provide Registrar with at least thirty days notice prior to the implementation of any material changes to the Remote Registration API or software licensed hereunder.
- 2.5. **Handling of Personal Data.** Registry Operator shall notify Registrar of the purposes for which Personal Data submitted to Registry Operator by Registrar is collected, the intended recipients (or categories of recipients) of such Personal Data, and the mechanism for access to and correction of such Personal Data. Registry Operator shall take reasonable steps to protect Personal Data from loss, misuse, unauthorized disclosure, alteration or destruction. Registry Operator shall not use or authorize the use of Personal Data in a way that is incompatible with the notice provided to registrars.

3. OBLIGATIONS OF REGISTRAR

- 3.1. **Registrar Responsibility for Customer Support.** Registrar shall provide (i) support to accept orders for registration, cancellation, deletion or transfer of Registered Names and (ii) customer service (including domain name record support) and billing and technical support to Registered Name Holders.
- 3.2. **Registrar's Registration Agreement.** At all times while it is sponsoring the registration of any Registered Name within the Registry System, Registrar shall have in effect an electronic or paper registration agreement with the registered holder of the name. The form of an initial and amended Registrar's registration agreement is furnished to the Registry Operator fourteen (14) calendar days in advance of the use of such registration agreement. Registrar shall include in its registration agreement those terms required by this Agreement and other terms that are consistent with Registrar's obligations to Registry Operator under this Agreement.
- 3.3. **Indemnification Required of Registered Name Holders.** In its registration agreement with each Registered Name Holder, Registrar shall require such Registered Name Holder to indemnify, defend and hold harmless Registry Operator, and its directors, officers, employees and agents from and against any and all claims, damages, liabilities, costs and expenses, including reasonable legal fees and expenses, arising out of or relating to the Registered Name Holder's domain name registration.  - 3.4.1. Standards, policies, procedures, and practices for which Registry Operator has monitoring responsibility in accordance with the Registry License Agreement; and

- 3.5. **Data Submission Requirements.** As part of its registration and sponsorship of Registered Names in the Registry ccTLD, Registrar shall submit complete data as required by technical specifications of the Registry System that are made available to Registrar from time to time. Registrar hereby grants Registry Operator a non-exclusive, non-transferable, limited license to such data for propagation of and the provision of authorized access to the ccTLD zone files and as otherwise required in Registry Operator's operation of the Registry ccTLD.
- 3.6. **Security.** Registrar shall develop and employ in its domain name registration business all necessary technology and restrictions to ensure that its connection to the Registry System is secure and that all data exchanged between Registrar's system and the Registry System shall be protected to avoid unintended disclosure

of information. Registrar shall employ the necessary measures to prevent its access to the Registry System granted hereunder from being used to (i) allow, enable, or otherwise support the transmission by e-mail, telephone, or facsimile of mass unsolicited, commercial advertising or solicitations to entities other than its own existing customers; or (ii) enable high volume, automated, electronic processes that send queries or data to the systems of Registry Operator, except as reasonably necessary to register domain names or modify existing registrations.

- 3.7. Resolution of Technical Problems.** Registrar shall employ necessary employees, contractors, or agents with sufficient technical training and experience to respond to and fix all technical problems concerning the use of the Remote Registration API, the APIs and the systems of Registry Operator in conjunction with Registrar's systems. In the event of significant degradation of the Registry System or other emergency, Registry Operator may, in its sole discretion, temporarily suspend Registrar's access to the Registry System. Such temporary suspensions shall be applied in a non-arbitrary manner and shall apply fairly to any registrar similarly situated, including affiliates of Registry Operator.
- 3.8. Time.** In the event of any dispute concerning the time of the entry of a domain name registration into the Registry Database, the time shown in the Registry records shall control.
- 3.9. Change in Registrar Sponsoring Domain Name.** Registrar may assume sponsorship of a Registered Name Holder's existing domain name registration from another registrar by following the policy set forth in Exhibit B. When transferring sponsorship of a Registered Name to or from another registrar, Registrar shall comply with the requirements of Exhibit B.
- 3.10. Restrictions on Registered Names.** Registrar agrees to comply with applicable statutes and regulations limiting the domain names that may be registered.

4. FEES

- 4.1. **Amount of Registry Operator Fees.** Registrar agrees to pay Registry Operator the fees set forth in Exhibit C for initial and renewal registrations and other services provided by Registry Operator to Registrar (collectively, "Fees"). Registry Operator reserves the right to revise the Fees prospectively upon thirty days notice to Registrar.
- 4.2. **Payment of Registry Operator Fees.** Registry Operator will invoice Registrar monthly in arrears for the Fees incurred by Registrar in the month. All Fees are due immediately upon receipt of Registry Operator's invoice.
- 4.3. **Non-Payment of Fees.** Registrar's timely payment of Fees is a material condition of Registry Operator's obligations under this Agreement. In the event that Registrar fails to pay its Fees within five days of the date when due, Registry Operator may do any or all of the following: (i) stop accepting new initial or renewal registrations from Registrar; (ii) delete the domain names associated with invoices not paid in full from the Registry database; (iii) give written notice of termination of this Agreement pursuant to Subsection 9.2.1; and (iv) pursue any other remedy under this Agreement.

5. CONFIDENTIALITY AND INTELLECTUAL PROPERTY
